

# BACKBONE ALMOST OLD BONES BOURBON

## Straight Bourbon Whiskey

**Almost Old Bones 9 Year Reserve** is a very special release. We were very fortunate to have found these amazing barrels, but finding this whiskey presented a dilemma on what label to use. It wasn't quite old enough to fit our Old Bones label (10+ years) and it was older than the whiskey we typically use in our flagship product, Backbone Uncut (5-6 years). Our compromise was to create an "Almost" Old Bones label. Why didn't we wait for it to turn 10 years old? Because it tastes absolutely fantastic now.

**Mash Bill:**

75% Corn; 15% Rye; 10% Malted Barley

**Distillation:** Bardstown, Kentucky

**Proof:** 110

**Current Batch:** #KY-1

**Cases Produced:** 250

**Tasting Notes:** This is a big whiskey that needs a little air to allow its flavors to come through - a little water (or some ice) will help a lot. Pleasant notes of char and vanilla on the nose. The front of the palate is sweet and spicy leading to a more intense and gripping mid-palate. The finish is strong with a lot of oak presence.
