## BONE DRY GIN

At Backbone Bourbon Company, we are huge fans of the gin category and couldn't imagine our company without at least one gin. We love the way gin as a clear spirit can have complexity and nuance. We are also fans of a traditional style gin.

## BONE DRY GIN

**TASTING NOTES:** The nose provides fresh aromas of pine trees in the Spring. Upfront is a great, slightly oily texture. Mid-palate provides just a hint of peppermint candy and some base citrus notes that add a refreshing quality. Dry but lingering finish.
