

BACKBONE BOURBON

BONE SNAPPER XRAY WHISKEY

Tasting Notes: On the nose are notes of pine tree and cinnamon. The first sip gets a decent amount of honey and caramel with hints of peppery spice coming through on a long but smooth finish. If you close your eyes and concentrate, you might taste a little spearmint and eucalyptus in the mid-palate giving this whiskey complexity and freshness.

Mash-bill or Blend: 95% Rye & 5% Malted Barley

Cases Produced: 200
Proof: 110

Distillation State & City: Lawrenceburg, IN
Current Batch: #4

BACKBONE BOURBON

BONE SNAPPER XRAY 4 YEAR RESERVE

Bone Snapper X-ray is our Reserve Straight Rye Whiskey. For X-ray, we use the same barrels and mash-bill as that used for Bone Snapper original but only after the barrels have aged 4 years or more. The remarkable characteristic of these barrels is how the flavor profile starts to evolve between 3 - 4 years old.
